

All pets treated with love and care

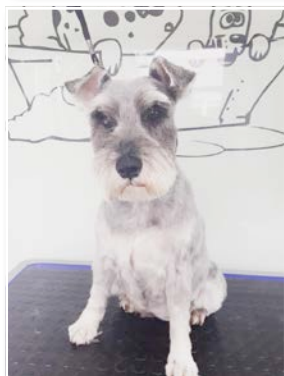

Here at Tower View Dog Grooming, I offer a one to one experience for your dog in a homely relaxed environment.

Unlike in a busy salon your dog (or multiple dogs from the same household) will have my full attention for the duration of their time in my groom room.

All prices will be confirmed upon consultation with you, with your dog present. Please do not hesitate to contact me, as I am happy to give a quote over the phone. Prices for all services are subject to coat condition, breed type, size and temperament.

I can also offer advice on grooming at home, to maintain a happy and healthy dog in between his or her visits to my grooming room. Regular grooming prevents your dog's fur from becoming matted and acts as a stimulus for the skin allowing natural oils to circulate to the coat.

TESTIMONIALS

Claire really understands how to manage dogs with a difficult temperament, she put time and consideration into my highly anxious dog and gave her a gorgeous groom. I am very happy and will definitely be returning for business! Great service – *Hayley P.*

Genuine dog lover, provides a friendly environment for my nervous dog. Would recommend – *Craig H.*
