

**Here at Falshaw's Farm Shop, we are a purpose built, modern yet homely cafe which seats up to 50 people with additional patio seating, giving pleasant views across the farm. There are often animals in the field to look at and chickens running around in the summer.**

Along with ample parking, we offer easy access for prams and wheel chairs, baby changing facilities and disabled toilets. We have plenty of high chairs and the outside grassed area is a great spot for the children to run off some energy after lunch.

The Falshaw Family have farmed here at Nabbs Farm for five generations and more than seventy years. We produce high quality milk from our pedigree herd of Holstein Friesians, which in 2004 was extended to include some pedigree Jersey cows.

In the 1980s we started breeding pedigree Suffolk sheep which are successful in the show ring and produce excellent prime pure and crossbred lambs. We have also formed a successful beef herd and recently begun to produce pedigree saddleback pork. We have opened our farm shop, tea room and ice cream parlour so that we can supply these quality British products direct to you in the form of ice cream made in the shop, good home cooked food and fine meat.

## **CAFE**

The food served in our Cafe is truly delicious whether you choose a simple toasted sandwich, an all day breakfast or a scrumptious afternoon tea. Alternatively you can choose one of our daily specials – all the traditional favourites are here. We also have a delicious array of cakes and fruit pies for you to try with a drink of your choice, from a refreshing cup of tea to a latte coffee or soft drink

## **BUTCHER'S AND FARM SHOP**

We have our own butcher on site who makes the most delicious sausages and burgers to his own recipes. We use top quality beef, lamb and pork, bred here on our farm.

We also have for sale homemade pies and hotpots, cooked meats, cheese, eggs, jam, preserves and biscuits along with locally sourced seasonal fruit and vegetables.

We also sell homebred half lambs and rarebred pigs for the freezer.

## **ICE CREAM PARLOUR**

Our ice cream is made by us on the premises, using milk from our own cows. We have developed around 30 kinds of own recipe ice cream for you to savour. Ice cream also available as wholesale to restaurants/cafes etc.
