

C&G WHOLESALE FOODS

Your Premium Supplier For All Your Quality Meats

C&G Wholesale Foods LTD has been supplying the NHS Hospitals all over the North West of England with quality products at a fair market price since the 1970's.

As well as our Hospitals, we supply Restaurants, Pubs, Hotels, Catering Firms and the Public.

Whether you need a domestic or catering order, our team of devoted hard-working Butchers and Drivers can deliver to your premises.

We're still working the same way as they did many many years ago. Our butchers cut all meat by hand, all dicing is done by hand and all burgers are pressed by hand.

Our burgers and sausages are prepared the same way as they have always been with the ingredients not changing at all!

If you would like to place an order please contact us via the number or email given at the bottom of the page. With the market changing everyday our prices do vary. Please contact us for any prices you may need!

We stock halal products – please contact us for a full list.
