

Great food, great prices

We work hard to ensure the best products at the best prices for our customers.

Dunsters Farm is not a big corporate food service, we are 100% independent and family run.

This doesn't mean that we're not professional, it means that you get great service. We don't just say that we listen to our customers, we are flexible to meet your needs. We are proud of our heritage and although we embrace new products and are not scared of change, we never forget our roots. We know that running a food business or a kitchen is not always easy so we offer support wherever we can. Above all, we love food and we know a great product when we see one.

Our aim is to get it right every time but if you do have a problem, we're only a phone call away. We offer exclusive own label products as well as the big brands and we are always on the lookout for local suppliers. Our vans are on the road Monday to Friday delivering food and drink supplies to hospitals and high schools, delis and diners.
